Subject Scholarships for Technical instruction outside Mysore

Letter No. 4591/144 dated the 24th Nov. 1903 from the DPI of Es in Mysore

In para 4 of GO. No. 14668-77/Ed 2 4-6d the 7th April 1903, Govt sanctioned the award annually of from 10 to 20 scholarships of the value of Rs from 15 to 20 per mensem. This was done to afford facilities to Mysore students to go (outside Mysore) to Madras Bombay and other places for learning industries which are not taught in the industrial schools at in Mysore The DPI was at the same time requested to submit definite proposals on the subject

The DPI now sends up a

a set of rules for the award of such scholarships

In this connection he wants to know whether the Govt have sanctioned 20 scholarships in all or every year 20 scholarships.

The correspondence on the subject (submitted herewith) does not throw any light on this matter In the order itself (para 4 referred to above) it is said that Govt will be prepared to award annually from 10 to 20 scholarships etc Orders are solicited on this point

Res 30-11-03) Subd to Secty GI

We may say not less than 1/12/03
10 a year - & leave the enhancement to be decided after addl applns are received The rules see suitable. But I do not think that Baroda Kalabhavan where instruction of a primitive sort is given is likely to meet the requirements

Mr Bhadra a Lecturer to think that there is a Graduate in the Arts Course not yet elected — GI

To the 2nd Committee

1/12/03

The rules seem all right and may be adopted, as also the 29th other Nawabzada Dioceses ~~Secretaries~~ necessary for which Mr Mody the Secretary to the Baroda Council is now at Poona. The meaning of a time-table for the exercise of training in one year is that candidates holding certificates of 1st class may be called up in their order of merit for training in the first year 30 to 40 by the second year 45 to 60 - they may be called up for the third year in their order of merit for training in the second year. The Baroda Council has not yet received the Rules of 7/4/03 as the Resolution does not therefore seem to have correctly interpreted the intention of Govt -

2/12/03

Submitted to the Diwan

I have also made a experiment in technical education I founded an institute called the Kala--Bhavan with departments in dyeing and weaving, carpent and mechanical engineering, and with the object of diffusing technical education I had branches of it set up in various parts of the Pa , but the response among the people was so faint that after a time the institution had to be contracted within narrower limits Until the means of the people and the material wealth of the countr expand, there can be but little demand for the work which such institutes turn out So far, the Kala-Bhavan has done but little be ond providing skilled dyers for Bombay mills, but until the people co-operate more earnestly its utilit will not be recognised Once more it is the prevailing ignorance which hampers ever movement to help the people The are sunk in a fatalistic apath and do not care to learn how to help themselves

Subd to Secy

The accompanying draft is submitted for approval But there is still some doubt as on the point whether 20 new scholarships should be given every year or whether the total No of scholarships at any time will not exceed 20 Para 4 of the printed Order of 7th April 1903 contemplates new scholarships being granted every year and the same view has been held by the 2nd Councillor Mr Bhabha has in his explanatory letter expressed the other view although the first para of this draft Rules conveys the idea that 20 new scholarships will be given every year The point has to be cleared.

If it is decided that 20 new scholarships are to be given every year then para 5 of the draft Rules may be omitted

I am to add in the last sentence to the Rule the "Kala Bhavan", Baroda, may be omitted

M 5/1/04

I think the interpretation put upon the matter by the Dy Secy is correct. Rule 5 of the Rules proposed ~~&~~ Name of Kalabhavan may be omitted As the orders recorded are not clear, the draft is again submitted

6/1/14

To the D[illegible]
through the Accountant General

6/1/64

There are to be 20 new admissions every year and not 20 altogether at a time

If vacancies occur, owing to unfavourable reports or otherwise they can be filled up without reference to the No of annual admissions prescribed when Rule 5 was framed

Kalabhavan seems to be a disappointment and may be omitted from the list.

If there are still any doubts requiring clearing up, let the Educational Officer be on the Economy of the Govt Institutions - 6-7-1-64

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE.

No 4591 / 144 Enclosure (one set) Bangalore 24th November 1903

From

H J BHABHA Esq M A,
Inspector General of Education in Mysore

To

A V Ramjundayya Esq M A, M L,
Secretary to the Government of Mysore,
General and Revenue Department
Bangalore.

SIR,

With reference to Para 4 of Order No 14668-77-82 Z & 96 dated 7th April 1903, I have the honour to submit for the early approval and sanction of Government a set of rules for the 20 scholarships sanctioned for those who learn technical arts and industries in institutions outside the Province. It is not clear from the Order whether Government intend to award 20 new scholarships every year for a period of three years, or 20 scholarships altogether. I have adopted the latter interpretation and so framed the rules that the list of scholars shall be revised in the month of October every year and the number of existing scholarships limited to 20.

2. There is one Mysorean at present in the Madras School of Arts and there are three in the Victoria Jubilee Institute at Bombay each drawing a scholarship of Rs 10 There is one Mysorean in the Sir J. J School of Arts, Bombay who is in the enjoyment of a Government scholarship of Rs 15 There are ten Mysoreans who have joined on their own account the Victoria Jubilee Institute of Bombay, one who has joined the Madras School of Arts and one who has joined the Bombay Veterinary College. All of these are at present bearing the cost of their education themselves But 9 of these have already applied for the newly sanctioned scholarships At the same time those who are already getting scholarships of Rs 10 or 15 have applied for scholarships of larger amounts I propose that in awarding the scholarships for the first time this year, the claims of those who are already in the technical schools of Bombay and Madras should have preference, and that the proposed conditions may, if necessary, be somewhat relaxed in their case.

I have the honour to be,
Sir,
Your most obedient servant,
H J Bhabha
Inspector General

Scholarships for Technical Arts and Industries

Rules

1 For training in those arts and industries for which facilities of instruction do not at present exist in the Mysore State. Twenty scholarships, annually of the value of 15 to 20 Rs will be awarded annually to selected applicants

2 The scholarships will be tenable in the institutions named in the statement appended or other similar other approved institutions

3 They will be awarded in the first instance for one year, and continued at the end of the first year by periods of one year at a time on the recommendation of the Head of the Institution which the scholar attends Usually a scholarship will be tenable for a period of three years

MSS 18/04

4 The tenure of a scholarship will be subject to the condition of satisfactory reports of progress and conduct being received from time to time from the Head of the Institution in which the scholarship is held

5 At the end of every calendar year after

the reports and recommendations of the Heads of Institutions which the scholars have attended are received, the list of scholars will be revised, and all vacancies, if any, filled up by selected applicants

6 The appended tabular statement gives the names of selected institutions, the arts and industries taught in them and other particulars In the Arts Schools no scholarship will be given to those who learn Drawing, Design Painting, or Sculpture, unless they also learn one or more industrial arts

7 The Scholarships will be granted to natives of Mysore, who are not more than 21 years old, and who possess at least the educational qualifications prescribed for admission into the institution which they wish to join, but are unable without Government help to attend it

8 Applicants for scholarships should

submit with their applications certificates from persons of well-recognized respectability showing that they are natives of Mysore by birth or domicile, their age, and their educational qualifications. After the applicants are selected, they shall produce certificates of physical fitness from a Medical Officer not below the rank of a Civil Surgeon in the same form that is prescribed for admission into Government service, before scholarships are awarded to them

SCHOLARSHIPS FOR TECHNICAL ARTS AND INDUSTRIES

RULES

For training in those arts and industries for which facilities of instruction do not at present exist in the Mysore State ten to twenty scholarships each of the value of Rs 15 to 20 will be awarded annually to selected applicants

2 The scholarships will be tenable in the institutions named in the statement appended or other similar approved institutions

3 They will be awarded in the first instance for one year and continued at the end of the first year by periods of one year at a time on the recommendation of the Head of the Institution which the scholar attends Usually a scholarship will be tenable for a period of three years

4 The tenure of a scholarship will be subject to the condition of satisfactory reports of progress and conduct being received from time to time from the Head of the Institution in which the scholarship is held

At the end of every calendar year after the reports and recommendations of the Heads of Institutions which the scholars have attended are received, the list of scholars will be revised and all vacancies, if any, filled up by selected applicants.

6 The appended tabular statement gives the names of selected institutions the arts and industries taught in them and other particulars. In the Arts Schools no scholarship will be given to those who learn Drawing, Design, Painting, or Sculpture, unless they also learn one or more industrial arts.

7 The scholarships will be granted to natives of Mysore, who are not more than 21 years old and who possess at least the educational qualifications prescribed for admission into the institution which they wish to join, but are unable without Government help to attend it.

8 Applicants for scholarships should submit with their applications certificates from persons of known respectability showing that they are natives of Mysore by birth or domicile, their age and their educational qualifications. After the applicants are selected, they shall produce certificates of physical fitness from a Medical Officer not below the rank of a Civil Surgeon in the same form that is prescribed for admission into Government service, before scholarships are awarded to them.

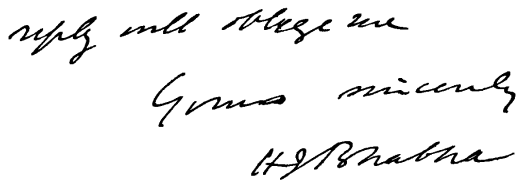
24/1/14

J. 29 Jan[y] 1914

Dear Mr Anantaramma Rao,

In the typed copy of Govt Order No[s] 3660/2 Ed dated 22 Jan[y] 1904 about the Technical scholarships the statement of technical institutions appended to the Rules is not given. Am I to take it for granted that the statement appended to the Rules has been approved by Government and will be printed with them, when you send me intelligence of the Order. I am



To

Dispatched
29-6-04

My Dear Mr Bhabha,

Adverting to your D O of this date, I am to state that it was an omission on the part of this office not to attach a statement of the Technical institutions (where the scholarships will be tenable) to the GO No EJ 3660/2-Ed dated the 22nd instant. A copy thereof is now herein enclosed from which it will be seen that all the institutions mentioned by you have been approved by Govt with the exception of Kala Bhavan, Baroda. The statement will appear in the printed copies.

Yours sincerely
